

THE WITCHES' GRIMOIRE

The Witches' Grimoire begins as daily character designs. But soon, light and dark magic battle for power, and the coven becomes entangled in a spellbinding war.

Illustrator and comics artist Sabrina Cintron presents this collection of thirty-one witches that will cast the viewer in a creative spell. Her style draws upon classic comic book storytelling and adds a modern twist. The shift from character studies to full blown comic book action is subtle, but driving.

Grab your spellbook and meet the coven.
